CHAMPIONS OF CHAMPIONS (COC)

An excellent concept for the growth of taekwondo in India, the thought behind Champion of Champions was that players get a platform in cities closest to them to perform & only the medalist gets selected to go forward to the Final round. All together there were 7 Stops, this competition was hosted for senior athletes only & very soon it will be introduced in the cadet & junior categories as well. From each Stop, the top 2 medalists were shortlisted to compete in the Champion of Champions platform, the wild card entries were shortlisted from India Taekwondo Ranking Competition. The Winners of the COC got an opportunity to be a part of the India Taekwondo Team that participated at the G2 competition in Nepal.
